

Dunklin R-5 School District Communication

COVID-19 Updated Communication

Released on: March 23, 2020

From: Mr. Stan Stratton, Superintendent

Blackcat Families,

We appreciate all the support you have given to the district during this unfortunate closure. I know our teachers and staff members have tried to stay in contact with our students. Unfortunately, the closure has been extended. This will not affect the delivery of breakfast and lunches to our students.

School Closure Extension (Please visit our website for press releases from the county.)

To remain consistent with the Jefferson County Stay At Home Orders, guidance from local health and government officials, and in the best interest of the health and safety of our students, staff, and communities, the earliest Dunklin R-5 will have school is Monday, April 27, 2020. The reopening date is subject to change pending further information. Although some activities may be delayed, rest assured we are working on contingencies.

Continued Learning and Support

While our school buildings are closed, our commitment to our students remains the same. Our teachers, staff, and leaders are working hard to ensure we can continue to provide support for our students and our communities. Additional information will be available on our district website under our NEWS tab on the District webpage.

Food Service and Delivery

Meal deliveries will continue as outlined in the communication on March 16, 2020. Our buses will continue to deliver meals to students, and pick up service will continue weekdays from 9-11 am outside the high school cafeteria.

We will continue to update our website and social media pages.
