Jefferson College Math Contest Winners Announced for 2019

Jefferson College recently hosted its annual Math Contest to provide students in grades 7-12 the opportunity to demonstrate their mathematics skills and compete for medals and trophies. It is one of many ways Jefferson College reaches out to area school districts and junior high/high school students to provide learning activities and exposure to the College's academic programs and campus facilities.

Individuals were awarded medals for their achievement and winning teams received trophies. Photos of the winners are posted on the Jefferson College Go Jeffco Facebook page.
