Dunklin R-V School District Infinite Campus Parent/Guardian and Student Portal

Section I: User Expectations

The Internet and secure web access have altered the ways that confidential information may be accessed, communicated, and transferred by members of society. Those changes are influencing instruction and student learning. The School Board supports access by students, parents/guardians, teachers, and administrators to informational resources that will improve participation in a child's education and improve communication between students, parents/guardians and the student's teachers.

The Dunklin R-V School District manages student information electronically and will make the student education records available for viewing only to authorized parents/guardians and students with a secure connection over the Internet. All parents/guardians and students will comply with the Internet use regulations and all technology regulations/procedures, as well as all other District policies that may apply.

Electronic Access to Student Information Regulation

Dunklin R-V School District uses a secure Internet site to enable electronic access to student information; enhancing communication between our parents/guardians, students, teachers, principals, and administrators.

A) Rights and Responsibilities

This access is a free service offered to all current and active parents/guardians and students of the Dunklin R-V School District. Access to student information from the Internet is a privilege, not a right. Only after a family has enrolled their child(ren) in the Dunklin R-V School District will a parent/guardian and/or student be authorized to activate a web account. Once a student withdraws or graduates from the Dunklin R-V School District their access will be inactivated. Parents/guardians, students, and staff must understand and practice proper and ethical use.

B) Information Accuracy Responsibilities

Information accuracy is the joint responsibility between schools, parents/guardians, and students. Each school will make every attempt to ensure information is accurate and complete. If a parent/guardian or student discovers any inaccurate information, they will notify their school immediately and provide proof of the inaccurate information.

C) Information Accessible

The Dunklin R-V School District reserves the right to add, modify or delete functions viewed via the Internet site at any time without notice, including, but not limited to, the functions listed below.

1) Attendance

6) Course Requests

2) Class Schedule

7) Emergency Information

3) Report Cards

8) Immunizations

4) Transcripts

- 9) Assessment data and work in process
- 5) Student Demographics

Students from grades six to twelve may request a secure account. A student will only have access to his/her own student information.

D) Electronic Web Access Agreement

Each parent/guardian must complete and sign an Electronic Web Access Agreement for Viewing Student Information Form. After verification of information on the form, the school will follow the process outlined in this regulation to establish an account.

If a parent/guardian is unable to visit the school, they may download the Electronic Web Access Agreement for Viewing Student Information at a website to be determined. The parent/guardian must have the form certified by a notary public and mail the completed and signed form with the notary public seal and current date to their child's school.

The school will keep the completed and signed form in the cumulative record folder of each student.

E) Use of the System

Parents/guardians and students are required to adhere to the following guidelines:

- 1) Parents/guardians and students will act in a responsible, ethical and legal manner.
- 2) Parents/guardians and students will not attempt to harm or destroy the school or the district's data or networks.
- 3) Parents/guardians and students will not attempt to access Information or any account assigned to another user.
- 4) Parents/guardians and students will not use this Internet site for any illegal activity, including violation of Federal and State Data Privacy laws. Anyone found to be in violation of these laws would be subject to Civil and/or Criminal prosecution.
- 5) Parents/guardians and students who identify a security problem within the Portal must notify their school immediately, without demonstrating the problem to anyone else.
- 6) Parents/guardians and students will not share their password with anyone, including their own child(ren).
- 7) Parents/guardians and students will not set their computer to automatically login to the Internet site
- 8) Parents/guardians and students identified as a security risk will be denied access to the site.

F) Security Features

1) Access is made available with a secure Internet site.

Note: Account holders are responsible for not sharing their passwords and to properly protect or destroy any printed/electronic documentation generated from this site.

- 2) Three unsuccessful login attempts will disable the user's account. Until the school has verified the assigned user to the locked account, the account will remain locked. In order to use the account again the user will need to contact their child's school.
- 3) The users will be automatically logged off if they leave their web browser open and inactive for a period of time
- 4) The student's account will be inactivated when the student withdraws or graduates from the Dunklin R-V School District.
- 5) The Parent/guardian account will be inactivated when their child(ren) have either withdrawn or graduated from the Dunklin R-V School District, or a court action denies the parent/guardian access to the student's information.

The Dunklin R-V School District will use reasonable measures to protect student Information from unauthorized viewing. The District will not be responsible for financial obligations arising through unauthorized use of the District's system or Internet. The District does not promise any particular level or method of access to the Internet site for viewing student Information. AlertNow Rapid Communication Service Parent Overview

Administration FAX: 636~479~6208

AlertNow is a web-based rapid communication service that allows schools to contact thousands of parents within minutes. The Dunklin R-V School District has implemented AlertNow to substantially improve its ongoing communication with parents.

How AlertNow Benefits Parents

AlertNow allows school administrators to keep you updated quickly and efficiently with personalized messages and helps you, as a parent, stay actively involved in your child's education, even when the school's phone system is down.

AlertNow has the ability to increase:

- Parental and community involvement
 - o Reminding parents of an open house or school fundraiser
- Emergency notification and awareness
 - o Alerting parents of a lockdown situation or unsafe incident
- School safety preparation
 - o Announcing school closings due to inclement weather

Security

Only authorized administrators on the school and district level may activate the system. AlertNow keeps all of its clients' information confidential and secure. All data is password protected and accessible only by school administration.

Importance of Accurate Contact Information

The most important thing parents can do is verify the accuracy of their contact information. Schools must have updated phone numbers for AlertNow to work effectively and efficiently. Please fill out the form below and return it to your child's school. If you have children in more than one building, you only need to return <u>one</u> form. Please list all students' names and their corresponding grades on the form below. You can select up to five phone numbers per household.

<u>Please note</u>: Our system cannot dial phone numbers with extensions. Any number you provide must be a standard 10-digit phone number (e.g. (636) 555-5555).

Several people have reported that the AlertNow call has hung up on them before they heard the message. This is due to the process the system uses to determine if a live person or answering machine has picked up. <u>Pressing the number 1 on the phone</u> will over-ride this detection, so the system recognizes there is a live person listening and will play the message, in its entirety.
